## Quotes from an anonymous survey asking: “what did you think?”

- It looks really nice. I appreciate the subject of each picture, and I think it brightens up campus.
- I appreciate above all the subtlety. I would, in fact, say that it added value to my life.
- It made me smile :)
- Absolutely awesome!! Where can I get one?? :)
- It makes me very happy to go towards the dorms. They make the dorms seem alive and nice, fun places to be.
- It's awesome. The dorms need more personality and this was a great way to do it without pissing off facilities. Meanwhile I couldn't imagine anyone being offended by it so I hope it will be able to stay up and grow (unlike Bernie). Hope there are no copyright issues but better to ask forgiveness...
